# Sau. Shantadevi Vedprakash Patil Ayurved College & Research Institute

(Recognised by AYUSH Ministry-New Delhi,  
Govt. of Maharashtra & Affiliated by Maharashtra University of  
Health Sciences, Nashik)

*Dr. V.K. Patil*  
(President)

*Dr. Manikrao Kulkarni*  
(Principal)

**1.1.1:** The Institution ensures effective curriculum planning, delivery and evaluation through a well defined process as prescribed by the respective regulatory councils and the affiliating University

The institution adheres to the undergraduate curriculum outlined by the Central Council of Indian Medicine (CCIM) and Maharashtra University of Health Science (MUHS) Nashik (M.S.). The following methods are conducted to guarantee efficient curriculum delivery for undergraduate programs, in accordance with the university's academic calendar for the annual academic year.

1. The Annual Teaching Plan (ATP), Monthly Teaching Plan (MTP), and schedule for undergraduate (UG) courses are created.
2. The teaching staff adheres to the provided schedules and teaching plan in order to cover the prescribed curriculum.
3. Each instructor maintains an instructor Diary for every Academic year.
4. The College Academic Committee for the Undergraduate program frequently reviews and verifies the progress of the curriculum covered, according to the timetable provided in the ATP and MTP. The MTP is regularly shown on the departmental notice board on a monthly basis.
5. The term-end examinations are administered according to the University's Academic Calendar, and the results are announced within the specified timeframe.
6. Induction sessions are organized specifically for undergraduate students to elucidate the instructional methodology of the courses.
7. In the second year, study visits are organized both inside and beyond the state for the Dravyaguna and Rasashastra departments as a component of the curriculum.
8. In the third year, the Agad Tantra department organizes trips for students to the District court, snakepark, and Nisargopchar center. The Swasthviritta department arranges visits to the milk program and water purification plant.
9. An academic audit is conducted by the officially designated committee. Teacher diaries serve as authenticated academic audits.

10. The UG academic committees collect random comments from the students.
11. Mentoring is used to tackle the educational challenges faced by pupils.
12. Term-end examinations are administered in accordance with the regulations of MUHS and CCIM, New Delhi.
13. All academic records, such as attendance registers/musters, notices, committee registers, timetables, results, and notifications from the university about rules and regulations, are kept.
14. In order to ensure the successful execution of the curriculum, quarterly meetings of the College Council (CC) are conducted, as well as meetings with all Heads of Departments (HODs) and the Principal and Academic In charge. These meetings include discussions on topics such as infrastructure, attendance, and examinations.
