4.1.1: The institution has adequate facilities for teaching - learning. viz., classrooms, laboratories, computing equipment, etc

The institution guarantees the provision of sufficient facilities and the efficient use of physical infrastructure in accordance with the regulations and criteria set by CCIM and the university. The institution has a maximum capacity of 100 seats for its undergraduate course. Qualified lab workers and faculty members are appointed to guarantee efficient usage of facilities. The existing physical infrastructure is also used for organizing co-curricular events, as well as training programs offered by Ayush & MUHS University. Additionally, it serves as an examination center and paper evaluation center for MUHS tests.

Below is a comprehensive list of the primary amenities offered at the institution, in accordance with the regulations and criteria set by CCIM and the university.

1. The institution has a meticulously managed campus of 6 acres 5 guntha of lush land. It also boasts a sufficient number of well-appointed, well-ventilated, and capacious classrooms capable of accommodating 600 undergraduate students for conducting theoretical sessions in accordance with established norms and standards.

2. Our college has 14 departments, including laboratories. The facilities are well equipped and maintained. There is a separate computer with a printer, and the departmental laboratory is well prepared for conducting curriculum-oriented lab practicals and research activities. All the labs and departments have been built in accordance with the regulations of AYUSH, CCIM, and MUHS University.

3. The Department of Physiology has a laboratory dedicated to conducting practical experiments in Hematology and other related fields.

4. The Department of Anatomy features a dissecting hall equipped with 10 cadavers, a museum, and a lecture hall.

- 5.The Department of Rasshastra has a Rasshala, which serves as a facility for conducting practical exercises related to the curriculum, as well as for the manufacturing of medicines. Additionally, it is used by researchers for the development of pharmaceutical pharmaceuticals.
6. The Department of Dravyaguna has a garden dedicated to Herbal medicinal plants, housing a total of 45 distinct species. Additionally, the department is equipped with a research laboratory with 10 dried drug specimens and 70 preserved wet pharmaceuticals.
- 7.The Department of Rognidan contains a Pathology laboratory that is used for student practicals and for conducting investigations on patients admitted to the hospital.
8. Swasthvritta & Yoga. Our establishment has a yoga hall that is well ventilated. The hall is furnished with a pictograph displaying a variety of yogasana poses.
- 9.The college is equipped with two air-conditioned seminar rooms, which are used for conducting conferences, teleconferences, seminars, and workshops for both students and faculty members. The seminar hall of significant dimensions can accommodate up to 350 people, while the smaller one has a seating capacity of 150. Their features include LCD projectors, an audio system, and internet access.
10. Tutorial classrooms: The department has tutorial classrooms that are used for conducting tutorial lessons, specifically designed to answer concerns and individual doubts.
11. Library: This repository of information has an extensive assortment of books, journals, magazines, and periodicals. Dedicated reading spaces are provided for undergraduate students and professors.

As a result, the institution fosters the following notions as a direct outcome of these efforts. Additionally, there is a dedicated e-library that offers several amenities such e-journals, e-books, OPAC, and internet access for students. Consequently, the institution incubates the following concepts as a consequence of these projects.. separate e-library is also available with facilities such as e-journals, e-books, OPAC, etc, wifi for students.
