Coordinators	Dr. Vijay Maske	
Description	<p>On July 12, 2021, SSVP College of Ayurved and Research Center hosted a seminar dedicated to the "Classical Methods of Research." The event aimed to delve into traditional research methodologies and their relevance in contemporary academic pursuits, particularly within the context of Ayurveda and allied fields. The seminar featured knowledgeable speakers who provided insights into classical research designs, methodologies, and their application in advancing knowledge. Attendees had the opportunity to explore the roots of research practices, emphasizing the historical foundations that have shaped modern approaches. The interactive sessions allowed participants to engage in discussions, fostering a deeper understanding of how classical research methods contribute to the development of robust research frameworks. The seminar encouraged attendees to appreciate the historical evolution of research methodologies, acknowledging their significance in the current academic landscape. By organizing a seminar on classical research methods, SSVP College of Ayurved and Research Center demonstrated its commitment to providing a</p>

Description	<p>On February 8, 2020, SSVP College of Ayurved and Research Center hosted a seminar focused on "Laboratory Training Programme." The event was designed to provide participants with practical insights into laboratory techniques, methodologies, and skills essential for research and clinical applications within the field of Ayurveda. The seminar featured experienced trainers and experts who conducted hands-on sessions, covering various aspects of laboratory work relevant to Ayurvedic research. Attendees had the opportunity to gain practical experience in areas such as sample preparation, data analysis, and the use of specialized equipment. The training aimed to enhance the participants' proficiency in conducting laboratory experiments and experiments specific to Ayurveda. The interactive nature of the seminar facilitated direct engagement between participants and trainers, allowing for the clarification of doubts and the exchange of practical knowledge. The event not only provided valuable training but also promoted a culture of continuous learning and skill development within the institution. By organizing a seminar on laboratory training, SSVP College of Ayurved and Research Center demonstrated a commitment to bridging the gap between theoretical knowledge and practical application. 	On May 28, 2021, SSVPC College of Ayurved and Research Center organized a seminar tailored for Ph.D. scholars, focusing on "Introduction to Research Methodology." The event aimed to provide doctoral candidates with a solid foundation in research methodologies, equipping them with the essential skills necessary for conducting high-quality and rigorous research in their respective fields. The seminar featured expert speakers who covered key aspects of research methodology, including formulation of research questions, literature review, study design, data collection, and analysis. The tailored content

Description	addressed the specific needs and challenges faced by Ph.D. scholars, offering insights into the intricacies of advanced research. Participation in the seminar allowed scholars to engage in discussions, seek guidance on their research projects, and foster a sense of community among doctoral candidates. The interactive nature of the sessions facilitated the exchange of ideas and experiences, contributing to the development of a collaborative research environment within the institution. By organizing this seminar, SSVPRCI College of Ayurved and Research Center demonstrated its commitment to supporting the academic and research pursuits of Ph.D. scholars. The event not only enriched the scholars' understanding of research methodology but also provided them with valuable tools to navigate the complexities of their doctoral research projects..
